(List separate Sites)

The Child and Adult Care Food Program receives funding from the U.S. Department of Agriculture (USDA) and is administered by the Wisconsin Department of Public Instruction. The Program provides financial assistance to adult day care centers so that nutritious meals can be integrated with nonresidential day care services for the enrolled participants. The meals and snacks served meet standards set by USDA. Meals are provided at no separate charge, and are available to all participants without regard to race, sex, color, disability, age, or national origin.

The amount of reimbursement received by the Child and Adult Care Food Program Sponsor is based upon the household incomes of the participants enrolled for care. A larger reimbursement is paid for meals served to enrolled participants from low income households.
